

## **PAMV Chapter BHS Music & Performance Report for October 1, 2016 Board Meeting**

**Repertoire.** All songs for the fall Cabaret show have been rehearsed, but the focus now is on the contest songs. Songs for the 2017 spring show are partially-decided.

**Extra coaching on Thursday evenings.** We've had two coaches join us on Thursday evenings to work on expressiveness while singing, in preparation for the FWD Convention in October. Areas include storytelling and freedom of movement. We've improved substantially.

**Rehearsal assistance for Sean.** VJ is leading us in dancing during our warmup/craft session. Jim Sherman concentrates on integrating moves into our singing. This gives our Director the freedom to focus his attention on singing.

**Budget.** We don't expect to purchase much sheet music or learning recordings in the next few months, but will defer this until the 2017 budget year. Due to Board action in September, our treasury is expected to become healthier in the short term, so we can afford expected music expenses. Planning for long-term funds is yet to be done.

**Spring Show Chairman.** No one has yet been identified for this position.

- Terry Moore, VP of Music and Performance
