

VP Music Report

3 March 2018

- Debra Lynn will coach us on Thursday, March 15.
- Director has been involving Ads more regularly in the weekly rehearsals. Two things are being accomplished by this:
 - ADs are getting additional coaching; and
 - Director is able to pay closer attention to the sound and look of the chorus.

This is a very positive outcome and will be continued.
- The March 18 Evergreen College performance has been postponed indefinitely.
- The recording and self-evaluation program will continue. But we have not yet had a group recording action. Focus has been on preparation for Spring Show and Paul Eastman has been under the weather anyway. We will do another group recording action after Spring show.
- The Podcast interview was postponed because the host got hit with the flu. No new date has yet been proposed.
- Debra Lynn's tutorials are now Groupanizer.
