

PAMV Chapter BHS Music & Performance VP Report for May 4, 2013 Board Meeting

The Music Team met on April 24.

At the previous Board meeting (4/6/13), a document (M.U.S.I.C.) covering musical expectations for chapter members was presented to the board, and a committee of board members was assembled to revise it. The Music Team reviewed the revised document and has further revisions, included for discussion at the 5/4 board meeting.

The Voice Clinic previously scheduled to start on May 28 has been postponed due to the unavailability of key participants.

We continued discussing of our expectation that chapter members know the repertoire accurately. Several members who were notified in January of shortcomings are planning to demonstrate their knowledge of words and notes in time to sing on the 5/18 show, but have not yet done so.

- Terry Moore, VP of Music and Performance
